

Localization and Empowerment in Anti-Poverty Work

NAPC, Feb 15, 2011

FOCUS MUNICIPALITIES

I propose we focus local work in municipalities where you have a convergence of

- Pantawid Pamilya
- KALAHI-CIDSS (400)
- PAMANA
- PhilHealth

The total number of municipalities will depend on the mapping of these programs

OTHER Areas DEMAND-DRIVEN

- Few municipalities
- District
- Province
- PPP encouraged to pick from focus municipalities
- Special sector projects (Coco, Fisherfolk)

REQUIREMENTS

Each focus municipality will be required to do:

- CBMS
- Poverty Action Plan
- Effective Municipal Gov't (DILG Seal of Good Housekeeping ?)

BAYANIHAN-SALUBUNGAN

A fund to support CDD projects outside of focus towns

To qualify proponents must fulfill:

- Requirements of focus municipality
- KALAHI-CIDSS CDD requirements

POVERTY PACKAGES

We propose that anti-poverty programs are grouped into packages to:

- Facilitate National-Local linkages
- Undercut channels of corruption by locating decision-making in inter-agency bodies

CONVERGENCE / NATIONAL ANTI- POVERTY PACKAGES

DIRECT ASSISTANCE TO THE POOR

- Pantawid Pamilya
- PhilHealth
- DepEd / DoH support
- Hunger and nutrition

CONVERGENCE / NATIONAL ANTI- POVERTY PACKAGES (cont'd)

HELPING THE POOR TO HELP THEMSELVES

- Employment
- Livelihood, microfinance, micro-insurance
- KALAHI-CIDSS, other CDD

CONVERGENCE / NATIONAL ANTI-POVERTY PACKAGES (cont'd)

INFRA FOR THE POOR

- Patubig
- Farm to market roads
- Rural Electrification
- Irrigation, water impoundment

THANK YOU
